Subject: RE: Discussion with NDEE

We just got off the phone with NDEE, sorry. Was intended to be a purely technical call to coordinate sampling details.

Subject: Discussion with NDEE

Greetings Colleagues:

Just wanted to give you a quick heads-up regarding a discussion with NDEE today with Tom Buell, Brad Pracheil, and Matt Turco regarding additional air monitoring work at AltEn. You may hear from Jim Macy.

At the request of NDEE, we have been coordinating potential additional air monitoring around the facility to attempt to qualitatively identify the odor causing compounds at the facility with ORD. I had two calls with ORD researchers, Stephen Jackson and Seth Newton who offered to analyze samples in their laboratory and we began discussions about sampling approach and timing.

I will be out of the office next week, but will be tracking messages while away. Leland Grooms was also on the call with NDEE. Many thanks – Mike Davis
